

I alone cannot change the world. But I can cast a stone across the waters to create many ripples. -Mother Teresa

Dear Friends,

Creating many ripples is exactly what we see every day in the patients and families we serve, in our incredible care team members, and with the donors who make our important work possible. It only takes one small ripple, combined with many others, to create a tidal wave of impact.

As we close out 2024, we write to express our deep gratitude for your enduring support of the area's only non-profit hospice. For over four decades, Harry Hynes Memorial Hospice has stood alongside our community, providing unwavering care and compassion to individuals and families facing terminal illness.

Your generosity enables us to expand our services and adapt to the evolving needs of our community. Thanks to your support, we successfully migrated to a new electronic medical records software, allowing better communication between all patient care team members and improving the quality of care. This innovative initiative, made possible by your donations, ensures specialized symptom management and support for patients, offering comfort and hope even in the face of challenging circumstances.

Additionally, your contributions have empowered us to remain the preferred hospice in our community, providing specialized care such as our in-house compounding pharmacy and dedicated clinical pharmacists. Our collaboration with "We Honor Veterans" allows us to cater to the unique needs of our community's Veterans and their families, embodying our commitment to serve those who have served our country. We also are the preferred pediatric hospice choice serving patients of all ages.

We invite you to continue standing with us in the pursuit of compassionate, patient-centered care. Your tax-deductible contribution will not only sustain our existing initiatives but also fuel further advancements in our services, ensuring that our future is marked by the same resilience, compassion, and commitment to healing.

Your gift has an immediate impact, adapting to the evolving needs of our hospice. Together, let us ***create many ripples***, ensuring that families find solace and unwavering support in their times of need.

With heartfelt gratitude and warmest regards,

Jerry Kerschen, President & CEO

Cheney Sloan, Director of Donor Development
